About us

OMURICELAND LLC is a company registered in Georgia. We run **Omurice Land**, a Japanese restaurant inside **Japan Food Hub** in Tbilisi — a Japanese-run food hall where three Japanese kitchens share one dining room.

Our director, Kyohei Mikami, has run restaurants in Japan since 2010 and now lives and works in Tbilisi. We bring Japanese standards of food, cleanliness and service to every guest — from a single diner to a private group.

Alongside the restaurant, we help Japanese people who come to Georgia — with company setup, bank accounts and settling in — and we are now preparing destination-wedding coordination for couples from India.
